CIRCULAR

MANDATORY ADDITIONAL REQUIREMENT FOR EARNING B.E. DEGREE FOR STUDENT ENROLLED IN ACADEMIC YEAR 2018-19

ADDRESSING THE NEEDS OF THE INDUSTRY AND THE SOCIETY: Globally, engineering education systems have continuously evolved, in order to address the needs of the industry and the society. It is becoming imperative that every University should create opportunities for the students to inculcate attributes, which are not restricted only to engineering knowledge and acumen. Industry needs professionals who can work successfully in teams, who have leadership qualities, who are alive to social and community needs and who can bring innovation and creativity to their work. Hence, in order to prepare its students to match these multifarious requirements, GTU has created a unique mechanism of awarding 100 Activity Points over and above the academic grades. It is envisaged that the students at GTU will be able to reap benefits from these activities at their own pace and comfort. It is expected that by the time GTU's students reach their Final Year, they would have developed themselves so well both through their studies in the respective technological field and through their active participation in the co-curricular and extra-curricular activities that they would be well-prepared for contributing to building the India and the world of their dreams.

TO WHOM DOES THE ADDITIONAL REQUIREMENT APPLY: As per Circular GTU/Academic/2015/7681, dated 21/07/2015, every regular student, who is admitted to the 4 years B.E. program from the academic year 2015-16 onwards, is required to earn 100 Activity Points in addition to the required academic grades, for getting GTU's B.E. degree. Similarly, it is mandatory to earn 75 Activity Points, in addition to the academic grades, for getting B.E. degree by every Diploma to Degree (D2D) student who is admitted to the B.E. program from the academic year 2016-17 onwards. *(Please see Table 1 for details for students enrolled in Academic 2018-19.)*

These points must be earned on the basis of active participation in co-curricular and extracurricular activities spanning through all the semesters of study. Every student may choose, as per his/ her liking, activities in order to achieve the mandatory points (as per Table-II, depending on his/ her entry level), before becoming eligible for award of the Degree. These activities can be spread over the years, as per convenience of the student.

GUJARAT TECHNOLOGICAL UNIVERSITY

An undergraduate Engineering student must earn the following minimum activity points as per the level of Entry in the B.E. Course:

Table – I

Level of Entry in B.E. Course	Total Years for Points	Minimum Points
1st Year Regular <i>from the academic year 2018-19 onwards</i>	1 st to 4 th Year	100
2nd Year (3rd Sem.) through D2D Or Transfer from other University <i>from the academic year 2019-20 onwards</i>	2 nd to 4 th year	75
3rd Year (5th Sem.) through Transfer from other University <i>from the academic year 2020-21 onwards</i>	3 rd to 4 th year	50

Notes:

- Every student shall participate in the co-curricular and extra-curricular activities and produce documentary proof to the designated Faculty Member appointed by the Head of Department / Principal / Director in the respective college. Thereby the student should earn the required Points (Table 1) before he/ she appears for his/ her Final Examinations.
- A student's result of his/ her Final Examinations will be withheld until s/he completes the minimum Activity Points by the end of his/her B.E. Program.
- In every semester, every students is required to prepare a file containing documentary proofs of activities, done by him/ her. This file will be duly verified by the examiners, at the end of every Semester, after conducting the Viva Examination.
- The above Examiners will discuss and finalize the Activity Points for each student before entering them into the Online Point Entry System (at the URL, as specified by the University). There will be neither grades/ marks for these points nor will there be any effect on SPI/CPI/CGPA.
- Absenteeism at the Viva examination for Activity Points at the end-semester examination will lead to zero accretion to the Activity Points, earned by the student.
- Every student has to earn atleast 100 activity points. The points students has earned will be reflected in the student's transcript.

Please see on the next page Table II for a List of Major Activity Heads and Sub – Activity Heads for earning the Activity Points through active participation in these activities.
